

Dear Parents/Guardians

A number of students across the school and possibly in your child's class have been diagnosed with allergies to products such as egg, cow's milk and all variety of nuts.

We ask for your co-operation in ensuring that you do not send anything that contains any nuts in your child's lunch box. We understand that this may cause some difficulty and appreciate your support. We would also encourage you to explain to your child the importance of not sharing food while at school or if they attend Out of School Hours Care.

As some children involved suffer reactions from touching these products, we ask your permission that your child be allowed to wash their hands after eating with anti-bacterial liquid handwash provided by the school. Please complete the bottom section of this letter and return it to your class teacher as soon as possible.

Thank you for your assistance in this matter.

Yours sincerely

Kate Gray
Principal

PERMISSION TO USE LIQUID HANDWASH

Student's Name:

Students' Class:

I give permission for my child to use anti-bacterial liquid handwash in the classroom.
