Child abuse

Child abuse includes:

- a) any act committed against a child involving:
 - a sexual offence
 - grooming
- b) the infliction, on a child, of
 - physical violence
 - serious emotional or psychological harm
- c) the serious neglect of a child

Further information on child abuse, including physical and behavioural indicators of abuse, is available on the department's PROTECT website at [Identify child abuse](#)

Why child safety is so important

- Our school is committed to the safety and wellbeing of all children. We want children attending our school to be safe, happy and respected.
- The Child Safe Standards recognise that all children are vulnerable.
- The Child Safe Standards require schools to **take steps to prevent child abuse** and **build a culture of child safety**.
- Schools cannot assume that child abuse does not and cannot happen within their school or school community.

Victoria's Child Safe Standards

- **Child Safe Standard 1** – Establish a culturally safe environment in which the diverse and unique identities and experiences of Aboriginal children and young people are respected and valued.
- **Child Safe Standard 2** – Ensure that child safety and wellbeing are embedded in school leadership, governance and culture.
- **Child Safe Standard 3** – Children and young people are empowered about their rights, participate in decisions affecting them and are taken seriously.
- **Child Safe Standard 4** – Families and communities are informed and involved in promoting child safety and wellbeing.
- **Child Safe Standard 5** – Equity is upheld and diverse needs are respected in policy and practice.
- **Child Safe Standard 6** – People working with children and young people are suitable and supported to reflect child safety and wellbeing values in practice.
- **Child Safe Standard 7** – Ensure that processes for complaints and concerns are child focused.
- **Child Safe Standard 8** – Staff and volunteers are equipped with the knowledge, skills and awareness to keep children and young people safe through ongoing education and training.
- **Child Safe Standard 9** – Physical and online environments promote safety and wellbeing while minimising the opportunity for children and young people to be harmed.
- **Child Safe Standard 10** – Implementation of the Child Safe Standards is regularly reviewed and improved.
- **Child Safe Standard 11** – Policies and procedures that document how schools are safe for children, young people and students.
- Ministerial Order 1359 provides the framework for child safety in schools.

PROTECT

Volunteer responsibilities to keep students safe and our school's child safety policies and procedures

Volunteer responsibilities to keep students safe

- Volunteers make a valuable contribution to our school community and have responsibilities to keep students safe in our school environments.
- Our school has developed policies and procedures to keep children safe and to make sure we respond to any concerns.
- Volunteers must be familiar with and follow our school's:
 - Volunteers Policy
 - Child Safety Code of Conduct
 - Child Safety and Wellbeing Policy
 - Procedures for responding to incidents, disclosures and suspicions of child abuse

Volunteers Policy

Our school's **Volunteers Policy** sets out the procedures to make sure that volunteers are suitable to work with children and can make a positive contribution to our school community. The policy outlines:

- Suitability checks required for volunteers which usually include:
 - Working with Children (WWC) Clearance
 - other suitability checks which may be needed based on the volunteer role, such as references, proof of identity, qualifications and work history involving children
- Our volunteer training and induction processes
- Management and supervision arrangements
- Volunteer obligations relating to privacy, information sharing and record keeping.

Child Safety and Wellbeing Policy

Our school's Child Safety and Wellbeing Policy:

- demonstrates our commitment to providing environments where our students are safe and feel safe
- tells our community about our strategies and governance arrangements to keep children safe
- helps us create a shared commitment to keeping children safe
- supports everyone in our school community to know their responsibilities for keeping children safe
- is publicly available

Our Child Safety and Wellbeing Policy

- All staff and **volunteers** will:
 - participate in child safety and wellbeing induction and training provided by the school
 - follow the school's child safety and wellbeing policies and procedures
 - act in accordance with our Child Safety Code of Conduct
 - identify and raise concerns about child safety issues in accordance with our Child Safety Responding and Reporting Obligations Policy and Procedures
 - ensure students' views are taken seriously and their voices are heard about decisions that affect their lives
 - implement inclusive practices that respond to the diverse needs of students.

Our commitment to child safety and wellbeing

- We are a child safe organisation which welcomes all children, young people and their families
- We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives
- We have no tolerance for child abuse and take proactive steps to identify and manage any risk of harm to students in our school environments
- Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety

Establishing culturally safe environments and responding to diverse needs

- Our volunteers can support every student to have a positive experience in a safe environment
- This includes supporting aboriginal cultural safety and understanding the diverse circumstances of children and students.
- Everyone can:
 - promote cultural safety in our school community by recognising the link between Aboriginal culture, identity and safety.
 - pay particular attention to the needs of students with disability, students from culturally and linguistically diverse backgrounds, students who are unable to live at home, international students, lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) students and Aboriginal students.

Child Safety Code of Conduct

Our school's Child Safety Code of Conduct provides adults with a clear guide on the behaviour that is expected of them in our school environments, and:

- lists acceptable and unacceptable behaviours
- identifies professional boundaries and ethical behaviour
- applies to all school activities, including school camps, using digital technology and social media
- is publicly available

Who has to follow it?

Staff, volunteers, contractors, and any other member of our school community involved in child-connected work, including school council members

Acceptable and unacceptable behaviours

Acceptable behaviours

- Upholding our commitment to child safety and following our Child Safety and Wellbeing Policy
- Treating students and families in our school community with respect
- Listening and responding to the views and concerns of students
- Promoting the cultural safety, participation and empowerment of Aboriginal students,
- Ensuring, as far as practicable, that adults are not alone with a student
- Reporting any allegations of child abuse or other child safety concerns
- If child abuse is suspected, ensuring as quickly as possible that the student(s) are safe and protected

Unacceptable behaviours

- Ignore or disregard concerns, suspicions or disclosures of child abuse
- Develop a relationship with a student that could be seen as favouritism or amount to 'grooming' behaviour
- Display behaviours or engage with students in ways that are not justified by the educational or professional context
- Ignore an adult's overly familiar or inappropriate behaviour towards a student
- Communicate directly with a student through personal or private contact channels
- Have contact with any student outside of school hours except when needed to deliver the school curriculum

Responding to incidents, disclosures and suspicions of child abuse (1)

- Volunteers **must not** ignore or disregard any concerns, suspicions or disclosures of child abuse or harm
- You must report any concerns to a teacher or the school leadership team as quickly as possible
- Everyone has a role to ensure children are safe – if something doesn't feel right, you must speak up

Responding to incidents, disclosures and suspicions of child abuse (2)

Volunteers should follow the [Four Critical Actions for Schools](#) when responding to incidents, disclosures and suspicions of child abuse

1. Respond to the emergency

If a child is at immediate risk of harm you must ensure their safety

2. Report to authorities

As soon as immediate health and safety concerns are addressed you must report your concerns to the principal or school leadership

3. Contact Parents/Carers

The principal and school will determine who needs to be contacted

4. Provide Support

The school will determine the support for children impacted by abuse.

For more information, see the [Responding to Incidents, Disclosures and Suspicions of Child Abuse Poster](#)
