Vision

Our vision is to be a lighthouse school for language acquisition through providing a quality Japanese-English bilingual education for Primary School aged children in Victoria- ***Engaging Minds Together***.

'Engaging' children each and every day in a safe and secure environment is a key focus. We know that without children feeling safe they are unable to engage fully with their learning. The key to engagement is curiosity and creativity and these are key elements in the children's explorations and learnings each day at school.

'Minds' are what benefit from our unique bilingual program. Without the Japanese program there is a monolingual program but without the English program there is also a monolingual program. The academic rigour and the power of how we work at Huntingdale is in the careful curriculum planning that underpins the program as one whole. The neuroscience that lies behind our wellbeing and academic programs and the benefits of our bilingual program bring together the 'mind' element.

'Together' we achieve more. The children in isolation will explore but require guidance and scaffolding to excel. The children with a teacher achieve more through a gradual release of responsibility stemming from modelling through to independent application in a real-life setting. The children, teacher, parents and families however are what truly achieve the greatest outcomes.

When these three powerful words come together, we have a way of working whilst also explaining why we all call Huntingdale 'our school'.

In its vision of becoming a 'Lighthouse School for Language', we will draw on our school resources and connect with the wider the community to fulfil this vision.

Mission
