

Dress Code Policy

Background

The Dress Code Policy is a written statement of School Council expectations regarding student appearance. School Councils have the authority to develop and implement a dress code for their students as outlined in legislation. They must work with their school community in developing, reviewing, implementing and enforcing the Dress Code. The School Council is responsible for ensuring that the Dress Code reflects the values of the school community, adheres to gender specific requirements, that there is a balance between the rights of individual students and the best interests of the whole school community and deciding if amendments are required.

At Huntingdale Primary School the wearing of school uniform is compulsory. The wearing of school uniform:

- Assists students in taking pride in their own appearance, allows them to be recognised as an integral part of our school community and develops pride in representing our school.
- Takes into account issues of equality, socio economic status, health, individual safety and group security.
- Details the school's expectations of student appearance during school hours and associated school activities.
- Assists in increasing students' engagement and belonging to the school.
- Prevents bullying and competition on the basis of clothing.
- Upholds human rights and anti-discrimination laws.
- Complies with the Department of Education and Training (DET) guidelines, the Ministerial Order under the *Education and Training Reform Act 2006*, Section 16(1)(c) - Education and Training Regulations 2007, Section 42 - Victorian *Equal Opportunity Act 2010*. - If a student is consistently out of school uniform, this matter will be directed to the Assistant Principal and parents will be contacted.
